Shawn Goldberg

From: **Shawn Goldberg,**

I am Shawn Goldberg and I am just 2 and a half years old.

"Daddy is going to stomp a hole in my diaper!"

My Daddy doesn't know that I am doing this. I had to do it anyway because, I just love my Gampa.

The old man is going thru lots of pain and I thought I should do something about it. I sneaked into my Daddy's office and I am sending this message to you.

My Daddy's name is Ross Goldberg and he is a disabled Iraq veteran, mostly paralyzed from the shoulders down and the army refused him disability benefits. Forced with a challenge to not only feed us but also to make money, he decided to take on the Gurus, on their own turf.

He set his mind on Search Engine Optimisation and has produced amazing results for himself and his clients.

Here is a screen shot of some very high rankings for very competitive phrases. In fact, he is so proud that he took on 10 year old sites and dislodged them in under 90 days (some took less than 30 days).

#1 Ranking

I can go on and on about what he has accomplished but that's not why I am writing this letter to you.

My grandfather is a biker guy and he is little bit gruff with his kids.

The other day, there was tension in the face of my Mom and Dad and I did not know why.

My Gampa was packing his bags and he was getting ready to go somewhere. I went in and started rumbling his bags and he shouted, "Shawn, get outta there!"

I knew something was wrong and I went near him, held his face and said, "I'm Sowwy Gampa!"

I could see tears in his eyes. I learned from my Dad that my Gampa had Owwies and needed special Doctors to fix them.

My Gampa has been very sick and couldn't go to work. I heard Gamma and Gampa talking about money and how they need more. I decided that I should do something for my Gamma and Gampa.

I know that Daddy has got so many products on SEO and traffic generation. I thought I could do a firesale.

In fact I have Linda, my daddy's virtual assistant and webmaster on the other end working under my direction.

She knows where each and every product Daddy sells is and she's throwing all of them in one place so that you can virtually plunder us.

I know my daddy will be raging fire at me... because I'm about to "**give away the farm, barn and everything in between**" with this .

Okay, listen up. This "giving away the farm" thing is going to take place only for the next fourteen days.

IMAGINE A SURGE OF VISITORS TO YOUR WEBSITE AT WILL

I'm not kidding, either. You'll think it's a joke until you do it. The result would be an immediate surge of of **unbelievably "laser targeted visitors"**... plus the incredible power that comes with **the ability to bring in traffic to any website you set your focus on** (instead of fumbling like everyone else)...

Liz Tomey uses these tricks, Jeff Dedrick uses them, too. **John Reese** uses them... and the list just gets longer... as the most remarkable internet marketers use them.

What really convinced me that you too can do it is that my father is doing it right now. As I told you he is a Disabled Iraq Veteran, mostly paralyzed from the shoulders down.

Before explaining what it will do for you, I'll explain what it's not:

- You are not going to waste time using antiquated traffic generation tactics at all.
- You are not going to waste endless time looking for reciprocal linking partners.(You'll have tons and tons of authority sites, giving you one way links gladly)

- You are not going to waste your time doing Article Marketing the old way (With the google slap and the duplicate penalties, 99% of Internet Marketers are doing it wrong anyway).
- You are not going to waste time optimising every page of your website (It's more Off-page optimisation that counts now).

**HERES PROOF THAT MY FATHER'S
TECHNIQUES WORK, SO NAH NAH NAH NAH

With testimonials like this, you can feel confident that you are going to get some of the very best possible tools and techniques on SEO and traffic generation.

Now, its your turn to make "use" of this opportunity.

If you buy each of this course individually, you'll have to fork out tons of money.

SEO Diamond = \$47

Traffic Strategies Revealed = \$47

Traffic Master Course = \$97

SEO Tools = \$ 9.97

A package like this costs a whopping \$200.97 of **real world value** if picked up individually.

Because I want to help my Gampa, I have set a small price of just \$47 (but wait, it's gets better).

You see, you get not one but three of the best courses on traffic generation and SEO you'll ever need.

Here's the deal: I've really gone to the extreme for you here. (Michele thinks I've gone bonkers, and Daddy doesn't know this yet). You see... these incredible Traffic generation and SEO secrets just *aren't for everyone*. They *may* not be for you — they are simple, but advanced. Everything is explained in plain English. For many guys, that's just too much to handle.

Yes, it's simple to learn and put into use. Yes, the results you see will be dramatic and immediate. But no, it's *not* what you've ever seen before.

Therefore, I feel I *must* make this deal as easy to swallow as possible... or I'll never get you guys to try it. (And believe me, it will change your life *forever* once you see what the fuss is about!)

Wow That's An Incredible Deal!

Is There A Catch?

Well, there is one and believe it or not, it's a good one. You see, in order to give you the **best** deal and to reward you for helping Gampa, I am conducting this as a firesale. What that basically means is if you act fast and act now, you'll be rewarded with the lowest price.

Here's how it works. When you order before May 30th, instead of paying the full price of \$137, you are going to pay only **\$47**(that's a whole \$105 less than the full price)

But you have got to act fast. On May 23rd the price goes up by \$20 and by May 30th when this sale ends, you'll pay the \$97.

Important Notice

The price will be increasing over the next two weeks!

Date	Package Price
May 17	\$47
May 23	\$67
May 30	\$97

So here's what you need to do now: Click on the order button below...it's simple, easy, super-safe and of course 100% confidential.

[Invest Now!](#)

BUT YOU'RE NOT RISKING A PENNY! Because, once you download the courses, I want you to use them, take *any four pages that you want to score high on the Search Engines* to learn the secrets, and then... if you *don't* go out and start humbling the gurus sitting perched up there, with more agility and (very important) with more ease in driving people to your website... then I **INSIST** you ask for a no hassle

Complete, Fast And Full Refund!

That means you've seen the entire package for **FREE**, if you so choose. And please — take a full two months once you have these products before you decide one way or the other. I want to make this as simple and convenient as possible for you... because it's worth it.

Daddy stands to lose a bundle on this deal (that's why my didn't even tell my him)... but I'm more confident than I've **EVER** been in my life that these are the **LAST** advanced courses on traffic generation and SEO you'll ever need. So confident, in fact, that I'm betting **EVERYTHING** on the brash concept of inviting you to take *just four pages* to apply and get results... or you get a **fast 100% refund**.

If you don't see the **immediate results** I've talked about, you've wasted nothing but a few moments of your time. That's all. You'll be refunded unless you're *absolutely* convinced.

I know it **WILL** work for you, just as I've said it will... and just as it has for professionals. But I am so convinced you can see these results *immediately*, I'm willing to take all the risk myself with my unprecedented...

"Four Page" Guarantee!

We've never had a guarantee like this before... and likely never will again (Daddy's going to kill me). It's more generous than I need to be. But like I said, since you need to **SEE** this firsthand to understand it, it's my job to get these amazing courses into your hands... no matter what. Even if I have to risk Mommy and Daddy going broke.

Of course, I am **only** making this outrageous offer to guys like you who are on my "**Hot List**" of special people. No way would I offer this "free lesson if you want" deal to just anybody — I'd get ripped off for sure. I think you'll give this a fair try, and if I'm right — as I'm sure I am — you'll be so happy with the results that the price of the video will be the **biggest bargain** you've ever had.

But you must act right now. Today, in fact! You don't want to wait forever and end up paying a lot more than your competitors.

So Click the Buy Button now. I *guarantee* you're gonna love what you discover!

Sincerely,

Shawn Goldberg.

Here's What Some Internet Marketers Are Saying About My Father, Ross Goldberg:

I can't thank you enough for assembling this ebook! I've been in the Search Marketing field upwards of 3 years and was absolutely blown away at the amount of resources

included in SEO Diamond! You have not only included every search engine optimization best practice in existence, but you've listed hundreds of valuable resources that already I've been taking advantage of. I highly recommend this literature to anyone who has any intent of succeeding online. Keep up the great work!

2)I don't feel like I'm doing enough by simply saying "Thank you" for this manual.

The information on here is absolutely great. I've purchased SEO ebooks, bought programs, browsed the SEO forums... as you know, I had even paid for SEO service before. None of it compares to what I just read from you.

The more I think about it, the more I wish I could reverse time. If I had read your guide when I first started Internet Marketing, I would have saved at least a few thousand dollars, as well as tons of hours (that's kind of embarrassing, actually!).

3)I just finished Traffic Masters and I have to say "thank you!"

It's my new A to Z encyclopedia of traffic sources. Some of the techniques I already knew of but didn't know how to use them properly... after reading the book, I do and I can't wait to start putting them into action. I've got a copy printed out and will leave it near my desk as a reference tool.

Thanks again for helping me put a few more pieces of this Internet Marketing puzzle together.
