

You can't keep him from growing up.
But you can keep his childhood always,
with a portrait from **Susan Huszar Photography**

You receive:

- Dozens of proofs.
- Artistic, matted prints.
- Archival quality so you can pass your portraits on to your child, his children, and their children!
- Photos that capture your child's spirit.

In twenty years, what will bring you joy? A formal portrait of a perfect child wearing fancy clothes and a forced smile? Or a portrait of that real kid of yours, the one who lets stray cats in the house, refuses to go to bed on time, and uses that impish smile to (successfully) keep you from getting truly mad at him? You will treasure a photo that captures his spirit just as he is today.

Special Offer: Mention this ad for a **free, matted 8" x 10" print, worth \$125**, when you book your session by October 31. Contact Susan at 978.555.5555 or at xxx@xxxx.net.
